

HAWAII IP54 WALL LIGHT

GLW708

Hawaii is an elegant outdoor wall light.

The grill as an architectural element restricts the glare from the fitting and provides an aesthetic appeal.

With a die-cast aluminium body and opal diffuser it is protected against harsh outdoor conditions and best suited for residential and commercial facades.

The lamp is 8w LED in 3000k warm white and the driver is electronic non-dimmable and is an integral part of the fitting.

HAWAII
